

Backyard Bonfire Burn Barrel Blues Lyrics (Example 3.)

Backyard Bonfire Burn Barrel Blues.

You've got a fire out back.
The smoke is smelly and black.
You're burning plastic bags
You're burning oily rags.
I'm here to say to you.
You've got the burn barrel blues.

Don't burn aluminum cans
Or oil pans.
Separate your trash.
You might get some cash.
Information you use
Can help the backyard bonfire burn barrel blues.

From your ashes and sparks
A bigger fire can start.
It can burn the woods
And your neighborhood.
We've got a lot to lose
With the backyard bonfire burn barrel blues.

When you breathe in smoke
You'll start to choke.
Turns your lungs all black.
You'll fall on your back.
Might even blow a fuse.
You've got the backyard bonfire burn barrel blues.
